# What We Believe

At Matric College we believe in second chances. Everyone deserves quality education, no matter their educational background. But not everyone has access to learning institutions like colleges and universities, and we bridge that gap by providing courses via distance learning.

We offer fully accredited courses backed by prestigious institutions like ICB, CIMA, Saioch, FASSET and QCTO.

Our courses are quality assured. We offer accredited courses and non-accredited programmes that are designed by industry professionals. Each of our programmes are crafted to give students the skills and knowledge to step into the workplace with confidence.

An Open Access entry system gives those who never finished school a second chance to get the career and education they deserve. You can get started with as little as grade 10 for an accredited course, and no prior learning experience is needed for non-accredited courses.

# Why Study With Us

---

## Open Access Entry System

---

Most of our courses are open entry. Which means, you only need to be able read and write in English to understand your coursework.

## Together We Pass Study Groups

---

Get free access to the Together We Pass learning platform where you can interact with students studying the same course as you.

## Flexible Payment Options

---

We offer flexible payment solutions to fit every pocket. Don't pay when you're not studying.

## Finish Fast Pay Less

---

Finished your course early? You don't have to pay for the months that you aren't studying.

## Stress-Free Registration Process

---

Our registration process is stress-free. We don't do credit checks, and we don't blacklist students. Friendly course experts will walk you through your registration.

## 30 Day Money Back Guarantee

---

If you're not satisfied with our courses or services, you may apply to get all your money back within the first 30 days you have registered to study with us.

## Quality Student Support

---

Quickly resolve your study or account related queries without any hassles. Our academic support team goes above and beyond to get to you fast.

# Beauty Therapy

Beauty therapy is the treatment of hair, skin and nails. These treatments are done to enhance appearances and repair any damage done to the hair follicles or skin. These treatments can be anything from massages to body relaxation exercises.

Our courses are:

- Skills based and prepare you for the work environment
- Open Access - this means anyone can enrol regardless of age or current qualification.

## Beauty Therapy Career Opportunities

There are many opportunities in the beauty industry. It's up to you what you want to specialise in. You could even start your own business.

### Careers:

- Nail Technician
- Makeup Artist
- Salon Manager

# Available Courses

Matric College offers a range of courses to fit your needs. These range from short courses, which last 4 months, to comprehensive courses which you can complete in 12 months.

Whatever you choose, you can rest assured that you'll receive the best support available from start to finish.
