Child Care Courses Brochure

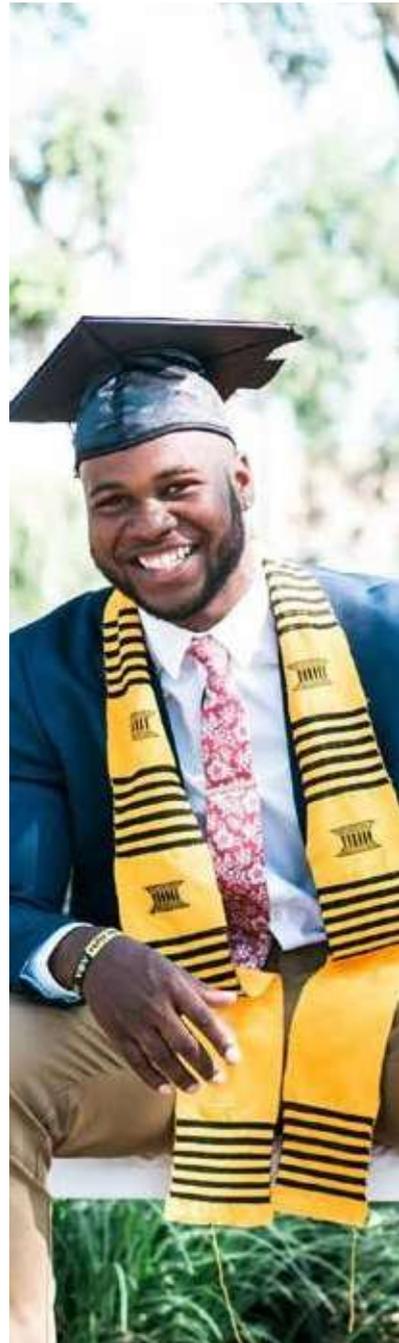

What We Believe

At Matric College we believe in second chances. Everyone deserves quality education, no matter their educational background. But not everyone has access to learning institutions like colleges and universities, and we bridge that gap by providing courses via distance learning.

We offer fully accredited courses backed by prestigious institutions like ICB, CIMA, Saioosh, FASSET and QCTO.

Our courses are quality assured. We offer accredited courses and non-accredited programmes that are designed by industry professionals. Each of our programmes are crafted to give students the skills and knowledge to step into the workplace with confidence.

An Open Access entry system gives those who never finished school a second chance to get the career and education they deserve. You can get started with as little as grade 10 for an accredited course, and no prior learning experience is needed for non-accredited courses.

Why Study With Us

Open Access Entry System

Most of our courses are open entry. Which means, you only need to be able read and write in English to understand your coursework.

Together We Pass Study Groups

Get free access to the Together We Pass learning platform where you can interact with students studying the same course as you.

Flexible Payment Options

We offer flexible payment solutions to fit every pocket. Don't pay when you're not studying.

Finish Fast Pay Less

Finished your course early? You don't have to pay for the months that you aren't studying.

Stress-Free Registration Process

Our registration process is stress-free. We don't do credit checks, and we don't blacklist students. Friendly course experts will walk you through your registration.

30 Day Money Back Guarantee

If you're not satisfied with our courses or services, you may apply to get all your money back within the first 30 days you have registered to study with us.

Quality Student Support

Quickly resolve your study or account related queries without any hassles. Our academic support team goes above and beyond to get to you fast.

Child Day Care

Children are the leaders of tomorrow. Make a difference and help with their development by becoming a Child Day Care professional. Learn how to take care of them and lay the foundation to help prepare them for the world. The early years of their lives play a huge part in their growth, so make every moment count.

These courses are:

- Skills Orientated
- Open access - everyone can apply

Child Day Care Career Opportunities

There are many different exciting career opportunities in Child Day Care you can explore. Our courses will prepare you for this demanding yet rewarding career. Not only will you learn how to help children develop skills, but you will also learn how to keep them safe in your care.

Careers:

- Au Pair
- Nanny
- Creche Teacher

Available Courses
